- L. Quality Training

1. What topics would generate the most significant interest within your chapter?
2. What topic, if offered as a class in your area, would generate the largest attendance?
3. What topics are definitely of little or no interest to your chapter?
4. Are there any topics in quality that are not listed above, but would be of interest to your chapter?
5. How familiar is your chapter to the resources of American Society for Quality (ASQ)?
6. What percentage of your active chapter members belong to companies that are registered to ISO 9000 or the automotive standards QS-9000 or ISO/TS 16949?
7. What percentage of the foundries in your area have sent students to an AFS/CMI course?
8. Are you interested in offering a training course or seminar at your chapter in the future (1 – 2 years) with a quality focus?
